Removal.

JOHN A. ROEDER,

MERCHANT TAILOR AND CLOTHIER,

S. E. cor. Jefferson and Clay sts., Louisville, Ky.,

BEGS LEAVE TO INFORM HIS former customers, and the public generally that he has removed his Clothing Store from his old stand, Market street, between First and Second, to his new house on the corner of Clay and Jefferson, where he is prepared to serve his customers with everything in his line. His stock of Clothing is one of the most complete in the city, comprising every article pertaining to GENTLEMEN'S APPAREL, from the most dandified Broadcloth to the cheapest Linsey garment.

Thankful for the patronage heretofore so liberally bestowed upon me, I would beg leave to ask a continuance of the same, assuring my friends that they will not leave my store without being satisfied.

se7 d3m JOHN A. ROEDER.

Competition is the Soul of Trade.

THE TIME FOR DEALERS TO lay in their Fall and Winter stock of Clothing is close at hand, and the aim of every one being to buy in the best and cheapest market, the undersigned deem it a duty due to the trading community and to themselves to draw attention to their

PIONEER CLOTHING ESTABLISHMENT,

(WHOLESALE ONLY),

Northwest corner of Main and Fifth streets.

They have profited by the dull times of the past months in making up and laying in a stock of Clothing suitable for the approaching season, such as cannot be competed with by any other house in their line.

The stock consists of every variety of Garments, from the Shanghai of the man of fashion to the rough Blanket Coat of the digger of the soil, with full suits to match.

All they ask is an investigation of their goods. They are determined to convince the most skeptical that their stock is the stock of the season. A general invitation is hereby tendered to the trade to call and examine.

Organ Manufacturers.

THE SUBSCRIBERS HAVE COMmenced manufacturing Organs of the finest and best descriptions, and are prepared to execute all work pertaining to this line of business. They are now engaged on one of the largest Organs ever built in the West, which, when completed, will contain 26 full stops. The case to contain the work, is 31 feet in length, 17 feet wide, and 21 feet high. Persons can judge of its capacity. This instrument will have many new and fine improvements, well worthy the attention of those acquainted with the construction of Church Organs.

All orders at home or from a distance filled with promptness and dispatch. Persons desiring to examine our work, and learn our capacity to manufacture the finest description of instruments, would do well to give us a call at our factory, on Preston street, near Broadway. Thankful for the favors of the past, they hope to still merit a full share of patronage.

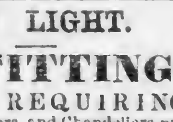
PETERS, CRAGG & CO.'S

Piano Forte Manufactory,

Main street, between Thirteenth and Fourteenth.



THE SUBSCRIBER BEGS LEAVE to call the attention of dealers, professors, and others, wishing to purchase piano fortes to the extensive assortment of their improved circular scale full iron frame instruments, now on hand and ready for finishing.

By the erection of a large additional factory building, they are prepared, should the wants of the trade demand it, to turn out seven Instruments per week, or 350 Pianos per annum.

Buyers may rely upon getting Instruments fully equal, in all the requisites of a good piano, to any made in the United States, and at a saving of from twenty-five to fifty dollars on each instrument. All the wood used in our manufactory is thoroughly seasoned, and no pains or expense are spared in turning out each piano perfect in every respect.

For two consecutive years the Agricultural Association and Mechanics' Institute have awarded first premiums to these pianos over all others, when in competition.

LIST OF PREMIUMS,

TO BE AWARDED AT THE THIRD ANNUAL FAIR OF

THE SOUTHWESTERN

Agricultural and Mechanical

ASSOCIATION,

TO BE HELD ON THE FAIR GROUNDS, NEAR LOUISVILLE, COMMENCING ON TUESDAY, OCTOBER 9, 1855, AND CONTINUING FIVE DAYS.

Officers of the Association.

GEORGE HANCOCK, President.
ROBERT N. MILLER, GIBSON MALLORY, LAWRENCE YOUNG, Vice Presidents.
HUGH BRENT, Secretary.
DR. D. D. THOMPSON, Corresponding Secretary.
THOS. Y. BRENT, Treasurer.

DIRECTORS.

JOSEPH S. HITE,	GEO. E. H. GRAY,
W. A. MERIWETHER,	JOHN HERR,
PHILIP SPEED,	J. T. BATE,
E. L. HUFFMAN,	P. D. BARBOUR,
STEPHEN ORMSBY,	JOHN BURKS.

AT A MEETING OF THE BOARD of Directors, held the 7th of April, 1855, the following resolutions were unanimously adopted:

1. Resolved, That whenever the funds of the Society are sufficient, there shall be erected on the Fair Grounds, a permanent fire-proof building—to be added to from year to year as space may be required—which building shall be an "Agricultural Museum," for the preservation and exhibition of all agricultural and mechanical implements, and such specimens of art as may hereafter become the property of the Society.

2. Resolved, That all agricultural and mechanical implements and works of art, (not in their nature perishable,) to which FIRST premiums shall be hereafter awarded, the actual value of which shall not be greater than the premium awarded, shall become the property of the Society, and shall be preserved by them in the "Agricultural Museum."

3. Resolved, That all articles as aforesaid, to which FIRST premiums may be awarded, which shall exceed in value the premium offered, may be presented to the Society, or deposited in their museum for exhibition—the Society reserving to themselves the privilege of purchasing the same by paying a fair price therefor.

4. Resolved, That all or any of such agricultural or mechanical implements as may be bought by, or become the property of the Association, shall be exhibited for premiums at the annual fairs for the benefit of the Society, and shall continue to be so exhibited until premiums be awarded to other implements of greater merit.

REGULATIONS.

☞ The Exhibition will commence each day at 9 o'clock; by which time, to avoid delays and confusion, all entries should be made. Entries for the first day's exhibition may be made with the Secretary for two days previous to the fair. Entries for the subsequent days will be received at the office of the Secretary on the grounds.

☞ The Judges are requested to report themselves to the President at his office on the day on which they are to act.

☞ Persons desiring to become annual members are requested to have their names so recorded ten days previous to the fair.

☞ All premiums, from five dollars upwards, will be paid in plate—all under that sum in gold coin or medals, at the option of the claimant.

☞ Non-members of the Association will be charged for competing for premiums as follows:

For a premium of $5 or less,	$2 00
For a premium of over $5,	5 00

☞ Members of the Association are not permitted to compete for a premium with an animal or article of which they are not the real owners without payment of the regular charge for entry.

☞ No premiums shall be awarded where but one article or but one animal is exhibited, unless the Judges shall decide that such article or animal is worthy of a premium.

☞ Marks of any kind or other indications of ownership are to be rigidly excluded from all articles competing for premiums.

☞ Sales at auction, for the benefit of those who may desire to dispose of stock, or other articles, in that way, will be made daily in the Amphitheatre during the recess for dinner. Those desiring the services of an auctioneer are requested to give notice at the Secretary's office.

☞ Persons desiring stables, for stock to be exhibited, will be required to pay at the time of engaging the same, one dollar for each, during the week, or 25 cents per day—no charge made for hog and sheep pens. Feed of all kinds will be furnished at the lowest market price.

☞ The stalls underneath the amphitheatre will be rented for one dollar during the week for the purpose of depositing baskets provisions, &c., that may be brought by families to the fair grounds.

☞ Persons renting booths, must in all cases, and under all circumstances refrain from selling intoxicating drinks, under the penalty of having their booths closed and themselves ejected from the grounds.

☞ The Presidents of County or State Associations, or a delegate from each, are invited to attend, report themselves to the Treasurer, and receive tickets of admission.

☞ Members' tickets will be furnished on application to the Treasurer, Thos. Y. Brent, Esq.

☞ Tickets of admission can be procured at the Railroad Office, and at the gates.

PRINTING FOR THE FAIR.—The merchants, and others who desire to consult their own interests, would do so by having their bills and circulars printed and distributed liberally during the coming week. No doubt, a large number of visitors from the country will be in the city, with the intention of making purchases before returning home, and it will be an object to secure their custom. An excellent Job Office is attached to this establishment, and we are prepared to turn out all sorts of Job Printing at short notice. Send in your orders.

☞The great gathering of the Kentucky Democracy takes place at Lexington to-day, for the purpose of interchanging congratulations on the proud, patriotic, and defiant attitude of the good old party North and South in the present trying crisis, and to renew their vows to stand by the Union and the Constitution. A large attendance of able speakers, of our own and of our sister States of Illinois, Indiana, and Ohio, is expected, among whom may be mentioned Judge Douglas, and Senators Bright and Pugh. It will be a political feast where thousands of the sterling Democracy and their patriotic colaborers, the anti-Know-Nothing Whigs, will refresh and strengthen themselves for the important work before them, and vie with each other in fidelity to the Union, the Constitution, and the rights of the States. We heartily wish that every Union-loving Kentuckian could be there to hear, personally, the gallant champions of the Northern Democracy who will speak on the occasion, as well as distinguished men of our own State. The truth will be made manifest that there is now in this country but one great national Union party, and that that is the Democratic party, aided and strengthened by true national men of the old Whig party. Against this Union party, prophetically pointed to by Mr. Clay in his great speech before the Legislature of Kentucky, in 1850, a corrupt, unprincipled, and formidable fusion party has been organized, consisting of Abolitionists, Free-soilers, Know-Nothings, and Maine-Law fanatics. The contest is to come off in 1856, and the forces on both sides are marshaling and arming for the conflict. That conflict is to decide the fate of the Union and the Constitution—of civil and religious liberty in this land. Does not every patriot's heart burn within him when he sees the Democratic flag proudly waving in the breeze, inscribed with the motto of "Union, Liberty, and Fraternity?" A glorious triumph awaits the friends of the Union in 1856. Fanaticism, sectionalism, and political demagoguery and humbuggery will be met and rebuked after a fashion that will serve as a lasting admonition to the factious spirits of the land, who are plotting and combining to innovate upon our free institutions, and to subvert our glorious National Union—the palladium of our liberties. That union can only be perpetuated by recognizing and sacredly respecting the equal rights of the States and the people. This has ever been the care and the policy of the Democracy, and it will continue to be while they deserve that honored name.

All honor to those patriotic men of our former political opponents, the Whigs, who have shown, by repudiating Abolitionism, Know-Nothingism, and all manner of fanaticism and sectionalism, and rising above old party prejudices, have identified themselves, in feeling and action, with those whom they honestly regard as the only purely conservative party of the country. We shall expect to hear glad tidings from Lexington. Our friends there will do up things right—in old fashioned Democratic style, and no mistake. All hail the united National Democracy and their gallant allies, the true blue Clay Union Whigs. The enemies of the Constitution, and of civil and religious liberty, cannot stand in a contest with such a party.

The News.

The Michigan Agricultural Fair is holding at Detroit, and an immense number of people are in attendance.

The President has appointed to the place made vacant by the death of Chief Justice Cranch of the United States Circuit Court for the District of Columbia, Hon. George W. Hopkins, of Virginia.

The telegraph reports that a frightful explosion took place in the mines, at Wolf Creek, near Minersville, by which several persons were killed and many more wounded.

News from Mexico.

Through the kindness of Mr. J. A. A. Beufield, we are put in possession of the following late news from the City of Mexico:

MEXICO, Sept. 17, 1855.

You will see from the newspapers I send you, that the revolution is concluded by a pronounciamento for the plan of Ayutle, which is that of Alvarez.

Gen. Romulo Diaz de la Vega is the commanding General, we have no President as yet, and shall not have until the revolutionary chiefs unite and select one, which I think will take place about the end of this month; most likely Gen. Alvarez and all the chiefs will meet at Cuernavaca for the election, and then come to Mexico.

The estates of Gen. Santa Anna are embargoed by Gen. La Slave, commander-in-chief of Vera Cruz, and no doubt will be sold for the benefit of the Republic. I think many of Santa Anna's friends will share the same fate.

I have great faith in this change, as all the leaders are to be a fresh set of men, and of private character—by this I mean not soldiers nor priests. The 16th of the present month (day of the Mexican independence), passed off very dull; it was the worst procession I have ever witnessed. There were not more than 50 soldiers and about 100 gentlemen, the rest were little school boys; the illuminations were very good.

We have had a great deal of rain this season sometimes it has rained all day. [An unusual thing in that country.]

From the translation made for us from the Mexican papers, we find ourselves compelled to condense so as to give only the principal news.

On the day when Gen. Carrera left the palace, Gen. Vega received a communication from Mr. D. M. Arroyo, strongly recommending the most liberal course towards all foreigners in Mexico, with the fullest protection to their property and estates.

Mr. Stewart has, at his own expense, completed a line of telegraph between Mexico and Tacubaya.

Gen. Santa Anna's estates in and near Vera Cruz have been placed in the hands of trustees, to prevent his friends and agents from using them. The lands of Encero Taso de Nevas and Boca de Monte have been ordered into the trusteeship of Feliciano Bicarte.

☞Upon the first page, this morning, we publish a full list of the premiums to be awarded at the fair of the Southern Agricultural and Mechanical Association which commences on Tuesday the 9th inst.

On the fourth page may be found several items of interest from our evening edition of yesterday.

☞If you are suffering with chills and fever go at once and get a bottle of Burkhardt's Remedy, it will only cost you 50 cents, to be had at most of the Druggists and of the proprietors, No. 417, Market street, between Fourth and Fifth. d6

☞A trotting match came off a few days ago on the Long Island Union Race Course, between the celebrated trotting horses Tacony and Mac for $1000. Tacony won the race, taking the first heat in 2:32¼, and the third heat in 2:33½, while Mac won the second heat in 2:32½.

☞Miss Kimberly has been engaged to play an engagement at the National Theatre in Cincinnati.

☞The pump at the corner of Third and Market streets needs the attention of the Pump Inspector.

BRINLEY'S PLOW.—We are informed that at the fair held at Green Castle, Indiana, Brinley's plow took the premium.

CRANBERRIES.—Mr. A. Fonda, No. 95 Fourth street, is in the receipt of a very choice lot of cranberries.

☞We call attention to the advertisement of Mr. Jas. Gregory, lumber merchant on Jefferson street. He has a large lot of dry pine lumber, laths, &c., which he is selling very low for cash.

YALE COLLEGE.—The present number of students in the collegiate department of Yale College is as follows: Seniors, 95; juniors, 109; freshmen, 153; total, 463.

SALE OF A FURNACE.—The Fortmouth Furndce property, with 1100 acres of land, in Shenandoah county, Va., has been sold to Hugh Gallocse, for $18,000.

SENSIBLE.—A man in London recently offered, through the columns of the Times, twenty-five dollars to the author of the best advertisement setting forth the excellences of a new timepiece.

CONVERT TO JUDAISM.—The Rochester Democrat states that an American Protestant lady of that city, a few weeks since, entered the pale of Judaism, and last Sunday she was married, according to the Jewish ritual, to a descendant of Abraham.

COMMITTED.—Edward Morehead was yesterday committed by Judge Johnston, to answer the charge of murder. He is one of the two who aided Walker and Powell in killing Farris last Sunday evening at Emma Gordon's. Emma Gordon, Rose Norman, Jane Haskney, and Cinderella Ryland, all inmates of the house, recognized him; some of them testified to his helping to hold Farris while Walker and Powell were stabbing him.

The Kunkle Troupe.

A very large and enthusiastic audience welcomed the Kunkel Troupe at Mozart Hall last evening.

The Kunkels' were always great favorites with our people, and with the additions made to the company, they will add—if it is possible to add—to their popularity here. We have not the space to speak of their merits repeatedly. This troupe is composed of star performers, and embrace a wide range of imitative talent; hence, in their delineations of the genuine Southern negro character, they are perfectly inimitable. There is a great deal of human nature as well as music in a genuine sable, and the mantle of the prince of "niggers" seems to have fallen upon each and all of the members of the troupe.

Those little prodigies, the WELLS' CHILDREN, are a pleasing feature in the performance, and while we wonder how such youngsters can sing at all, we are delighted with the harmony and pathos of their songs. The programme of each night's performance presents a fine variety. Let all who would cure the dyspepsia, "blue devils" and "a' that," go and hear them to-night.

The Mechanics' Fair--Ninth Night.

On our fourth page will be found a notice of the Fair which was crowded out yesterday and day before.

Last night the hall was again crowded as it has been, and considerable interest manifested in the contributions by those who had not seen them before. The great majority, however, go night after night, because it is *the* fashionable place of resort. If you want to find any one, the Fair is the best place to look. Among the contributions, there are many we should like to notice, but we have room this morning for only one.

The case of Dewitt & Miles is one of the most prominent in the hall, and one which no visitor will pass without observing. It is well filled with harness, bridles, &c.; containing such article as one would expect to find in a saddle and harness factory. If you wish to see specimens of elegant workmanship, look at that case; if you wish to see that which, while it is elegant, is also serviceable, look at that case. Such harness as they exhibit would make any horse neigh with delight to have put on him; such bridles and saddles the richest man in the country might be glad to purchase at any price. If Phæton had put such harness on his horses when he mounted the chariot of the sun, they could not have run away with him. Seriously, though, the harness is of the very best quality; the material is good, the stitching is good, and whatever else goes to make up the harness, is of the best quality. Dewitt & Miles have established for themselves an enviable reputation, and he who buys of them will get his money's worth.

The Portland Argus says the following dialogue occurred between a conductor on the Portland railroad, and a passenger, a few days since.

Passenger.—Well, Mr. Conductor, what is the political news.

Conductor.—Don't know, sir, for I havn't been to church for the last two Sundays.

Quite a large number of delegates from Southern Kentucky, passed up yesterday to Lexington, to attend the glorious meeting of the friends of equal rights, which takes place to-day.

A Kentucky poet says of his sweetheart as follows; she must be one of 'em:

She wore a robe of snowy white,
Such as in Heaven they wear;
Her step was like an angel's, light,
Her beauty far more rare.
Yes, in that clime beyond the skies
The loveliest seraph could not bear
Away from thee, sweet B—, the prize
Of beauty here or there.

"Don't you won't a ra'al prime lot of butter?" asked a pedlar, who had picked it up at fifty different places.

"What sort of butter is that?" asked the merchant.

"The clear quill—made by my wife from a dairy of forty cows—only two churnings."

"What makes it of so many colors?"

"I guess," replied the Yankee, "you never would have asked that question if you had seen my cows, for they are a darned sight speckleder than the butter is."

Yesterday was a beautiful day; seasonable—neither too cold nor too warm; just such as an early October day should be.

"Alice," said little Mary the other day, "let us go to the boy's theatre to-morrow?"

"No," said Alice, "I can't go."

"Why?" persisted Mary, "why can't you?"

"Because," said Alice, "I can't go without having a *contest with mother*, and I don't want to do that!" Remarkable juvenile precocity that.

We frequently hear of a flight of steps; but we have never yet been able to discover whether they migrate. Perhaps the poet who "dreamed that he dwelt in marble halls," can enlighten us.

Great News from Nicaragua!

Col. Kinney Elected Governor of San Juan.

WALKER THE FILLIBUSTER TURNED UP VICTORIOUS.

The news from San Juan is astounding. Col. Kinney has been elected Governor of that locality, has issued an inaugural address and appointed a Cabinet, and Col. Walker has been engaged in a desperate battle, in which he triumphed. A correspondent of the N. Y. Times, writing from San Juan del Norte, on the 15th of September, says of Col. H. L. Kinney:

Since he has been among us he has acquired a wonderful popularity, by conducting himself modestly and preserving perfect order and decorum among his men. I was at the Astor House in New York in May last, and a gentleman at the breakfast table one morning was talking with a friend about the Kinney Expedition. He said that the Nicaragua Transit Company had, at great expense, mounted a 12 pounder on the fort at Castillo Rapids. Another gentleman at table, evidently from the South, looked towards a lady at his side, and observed, in a quiet tone of voice, "Kinney 'll have that gun." Now, that gentleman, whoever he was, had got Kinney's measure correctly. He had probably known him in Texas, and had seen his indomitable perseverance there, and felt that there was no such word as fail in his dictionary.

It was evident before the Colonel had been among us a week that he was the man to take the lead in affairs here. Some opposed him, thinking that as he was at loggerheads with the United States their Greytown claims might suffer, if they indorsed him here. But they soon saw that he was no fillibuster—and then they began to hint darkly to one another their ideas, and then to talk openly in the streets, till, finally, the infection spread to such an extent that a public meeting of the citizens was called, and the Colonel was elected Governor by acclamation.

So far all went well. A few days after the inauguration of Governor Kinney, as soon as the Government was organized, notice was served upon the British and American Consuls. The acting Consul, Mr. Mason (Mr. Fabens, you know, on account of his association with Col. Kinney, was not permitted by the United States to resume his functions here), promptly recognized the new government. I have not seen his letter, but I understand that it was quite satisfactory to the Governor. But the British Consul, after a consultation with a British man-of-war captain, in port, and the late Mayor, Martin, did not see fit to recognize, on the ground that the new organization *interfered with the territorial rights of the King of Mosquito*, and was a violation of the Bulwer-and-Clayton treaty! It is worthy of notice that half the officers in the government are British subjects. After Great Britain had established this place as an independent municipality, and had declared it fully able to manage its own affairs; after, too, the communication was made to Mr. Everett by the British Minister at Washington, in 1853, as described in his speech in the Senate, on the 21st of March of that year, that "the government of Her Britannic Majesty were agreed to almost anything, they were willing to acknowledge this independent government which had been set up in San Juan; they were willing to go there with the United States, and treat with the municipal authorities of San Juan, conceding to them the effective government of the country; they were willing they should continue to govern it, American citizens though they were; they might continue to govern under the name of the Mosquito King, or they might be themselves the exclusive sovereigns of the country"—after such acts and professions, it certainly seems a little unaccountable that John Bull should begin to show his stubbornness, when it defeats what are really his own ends.

The truth is, England sees that great things are to be accomplished down here, and would like to hold on to this coast a little longer. I have no idea, however, that she will interfere to prevent Governor Kinney from colonizing his own lands, but I think she would like much to have it done under the august shadow of His Majesty, the Mosquito King—the faithful ally of Her Majesty, the British Queen.

The Kinney expedition has succeeded. They have built houses, cut roads, planted farms, established a school, a church, and a free library. They have brought out a newspaper, the Central American, a copy of which you will receive by this vessel. This has been done by amateurs, there not being a single practical printer in the party. They are an industrious, sober set of fellows, as a class. The ridiculous stories told by White and Marcoleta in the States about a military invasion, have only served to give the expedition a lift.

Kinney has also commenced the publication of "The Central American" newspaper. The first number contains his inaugural address. He talks of establishing a constitution and laws, of preserving inviolate personal rights enjoyed before the establishment of the "present government," and all that sort of thing. The tone of the annexed paragraph from that document is rich:

Notwithstanding the failure of the last Congress of the United States to make an appropriation remunerating the citizens of San Juan for their losses from the bombardment of the city by Capt. Hollins, there is a cheering prospect that justice will, to some extent, be rendered at its coming session. A measure so important to the business interests of the people, and so urgently demanded by every consideration of justice and humanity, cannot be postponed consistently with the good name of the American government. Every effort of mine, whether in an official or private capacity, shall be exerted to procure from that republic a speedy relief to those who are now so unjustly deprived of the proceeds of their own honorable industry.

WALKER'S BATTLE AT VIRGIN BAY.—An eyewitness of this affair gives the following account of it:

On the morning of the 3d September, about 8 o'clock, news of Walker's approach was received at Virgin bay, and soon after the Democratic army entered the town. First came the "Falange Americans," composed of sixty-five Californians, armed with rifles and revolvers. After these followed the native legion, one hundred and twenty-five men, armed with muskets and bayonets. Among the officers of the former were Col. Walker, Captain Doubleday, Acting Commissary, C. C. Hornsby, late attache to Wheeler's legation, and Dr. Jones, Surgeon. The native troops were commanded by Gen. Chilon, assisted by Gen. Mendez, Col. Luzarago, and Captains Cortago and Chilon, the latter a son of the General.

On their arrival the Calfornians were billetted on different hotels, while the natives occupied the "cabildo," and other vacant houses about the town. The officers of both divisions called to pay their respects to Judge Cushing, agent of the Transit Company.

About 11 o'clock A. M., the cry of "El Enemigo! El Enemigo!" announced the arrival of Gen. Guardiola with five hundred men in three divisions, the first by the Transit road, led by Guardiola; the other two diverging to the right and left with a view of surrounding the town.

The advance of Guardiola was fired upon by a picket guard of twelve men from Walker's native legion. The action soon became general, and I, who was among the spectators, found it prudent to retreat to the room of the Transit Company, to avoid the bullets. We put up a barricade of packages of express freight, and it was very fortunate we did so, no less than twelve bullets passed in a few minutes through the office and Judge Cushing's room.

A confused hubbub of voices was heard on all sides. At one moment, "Viva El Gobierno," then "Viva Castellon!" then "Hurrah for Walker!" At last the government forces were completely defeated, with a loss of from sixty to one hundred. Thirty-four of their bodies were buried by order of Judge Cushing. Of the democratic forces five were wounded and *not one* was killed. Col. Walker was slightly wounded in the neck by a musket ball, and Capt. Doubleday in the side. The entire battle lasted but an hour and a half.

The San Juan del Norte correspondent of the New York Post, writing on the 11th of September, says:

It is reported that Walker has gained great popularity among the people, owing to his kindness to the wounded troops. He is now stationed at San Juan del Sur, where, as well as at other places, his charge of one hundred and fifty dollars upon each innkeeper, does not, I imagine, conduce much to their satisfaction. According to the reports of the passengers, Mr. Priest, American consul, who keeps a public house, refused to pay, but was compelled to yield by the appearance of two soldiers, prohibiting the ingress or departure of guests until the amount was duly forked down. The Transit Company appears to have suffered a little by these exactions, the agent for San Juan del Sur, Mr. Fitzgerald, having been assessed $6,000, for which he placed his entire farm at the disposal of Walker. The Company's muleteer, Carazo, was also taxed $600, besides losing most of his bullocks by the revolutionists.

The passengers, too, in passing over the road from Juan del Sur to Virgin Bay, encountered a number of Walker's troops, who, on their own responsibility, (for it is said Walker disapproved of their conduct), levied a head tax of a dime apiece, which, after some grumbling, was submitted to. A few of the passengers remained, I am told, to reinforce Walker, who has under him not more than one hundred and fifty soldiers from the States, with the exception of accessions from California. On the other hand the government party, which has the most money, has rallied again, and General Corral at the last accounts was at Rivas, in command of 800 men, all ready to attack Walker's strongholds at Virgin Bay, San Juan del Sur and Realejo. Mr. Scott, the agent of the Transit Company, having doubtless apprehensions of further depredations, has put the lake and river boats of the company in a state of defence, by mounting each of them with four cannon, taken from the munitions of war with which the unfortunate Italian recruits from New York had been previously supplied at Fort Castle.

They say that Walker's acquaintance with Nicaraguan strategy has improved not a little in consequence of his former defeat, which was owing to the backing out of his native allies. It is a peculiarity of the Nicaraguan that the first fire decides the battle. If they find that their side suffers most by it, they at once drop their arms and run, especially if their leader be killed or wounded, even though they may be the superior force in numbers. In the late engagement at Virgin Bay, Walker obviated this difficulty by stationing his Nicaraguans in front, and keeping his reliable Californians behind, so that the former could only retreat against a hotter fire in the rear than they were compelled to march against, the order being to shoot every fugitive. In this way, and by Walker's taking the lead of the native allies himself, they were stimulated to an unwonted bravery and fought like heroes. Walker himself received half a dozen bullets, not one of which did more than graze his person. His hat was perforated in two or three places.

News by the Star of the West.

CALIFORNIA.—The Star of the West arrived at New York at noon on Sunday, bringing $1,500,000 in treasure.

On the passage there were 12 deaths from cholera, among whom are the following from Ohio: A. B. Bowlinger, of Clark county, aged 55 years: Peter Nasser, of Seneca county, aged 28 years.

A riot occurred on the 21st of August at the primary election in the Sixth Ward, San Francisco, in which a number of persons participated, using knives and pistols freely. A small boy was wounded in the arm: James P. Casey received two slight wounds from pistol balls in his left temple, his hand blazed, and two other bullets through the breast of his coat; J. W. Bagley received two shots, one in the left arm and the other in the right breast; Robert Cushing was stabbed twice with a bowie knife, penetrating the lungs, which will probably prove fatal.

Peter B. Manchester, the notorious Cincinnati banker, was arrested in San Francisco on the 18th ult., on a requisition from the Governor of Ohio, but the traveling Executive of California, by his absence from the post of duty, may frustrate the arrest. Manchester has been released on $3,000 bail, and the officer from Ohio is awaiting to convey him to his residence by this steamer.

The election was to come off on the 5th, the day the steamer left. The contest, it was expected, would be a warm one. Both parties had arranged all their forces, and an attempt had been made to resuscitate the defunct Whig party. Those managing the movement are old stagers, and the real Whigs, it is said, look on the movement with distrust. There are three tickets in the field—Whig, Know-Nothing and Democratic.

The shock of an earthquake was felt in San Francisco on the 28th August, which, it was supposed, had extended to other parts of the State.

FROM THE PLAINS.—Major Hallear, who had been sent out with a command to punish the Indians who massacred a party of emigrants last year, had a talk with the Bannie tribe of Snake Indians at Fort Boise. While holding the confab, four of the Winnass band (which is the tribe by whom the massacre was committed) had the temerity to come into the council. They were known to the interpreter, who signified to the Major that they were in camp as spies. The Major did not intimate to any person his knowledge of their being there until the *wawa* was over, when he had them arrested. One of them attempted to escape, but was shot down. The Court proceeded with the trial of the others; they were found guilty of participating in the murders, and were sentenced to be hung over the graves of the murdered emigrants, a sentence which was carried into effect on the 12th of July.

OREGON AND RUSSIAN POSSESSIONS.—The Oregon papers contain further accounts of Indian depredations. Several who were supposed to be implicated in the murder of the emigrants near Fort Boise have been arrested and executed near that place.

It seems that several of the tribes in that vicinity have joined together for the purpose of exterminating the whites. At Forest Dale, up to August 11, eleven persons had been killed; others are missing. The Cheyennes and Sioux Indians have attacked and killed one hundred and fifty of three hundred perfons who attempted to cross the plains this season. The remainder of the party succeeded in reaching Salt Lake City, though in a starving condition. Brigham Young contributed freely to their wants.

On the 7th of July the Amphytrite, the Puque, and another English vessel, destroyed a Russian iron steamer at Ayon, in the Gulf of Saghalien.

CENTRAL AMERICA.—A mass meeting which was held at Greytown, on the 6th of September, resolved to establish a provisional government, consisting of a military and civil Governor in one person, and a council of five, to continue in power until the people may determine to establish a permanent government under a new constitution.—The following persons were elected officers of government.

Governor, H. L. Kinney; Secretary, W. S. Thafor; Captain of Port and Collector, J. R. Swift: Judicial Magistrate, S. T. Haly; Attorney, W. H. Young; Postmaster and Recorder of Deeds, F. Salter: Provost Marshal, S. H. Shock; Deputy Marshal, Thomas S. Codd; Surveyor, John Jackson: Constable, B. Wark; Members of Council, Dr. Thomas Cody, A. M. C. Wood, Benj. Mooney, Walter Southerland, and Samuel Shepherd, Sr.

Governor (Colonel) Kinney delivered an inaugural proclamation, in which he pledges himself to spare no effort to procure from our Government indemnity for the losses sustained by the burning of Greytown.

MOVEMENTS OF COL. WALKER—A BATTLE.—The Central American gives the following intelligence:

"We have just received intelligence from the interior, bringing us accounts of the late movements of Col. Walker. On Monday, the 3d, Col. Walker, with one hundred and fifty men, (only eight of whom were white), came from San Juan del Sud over to Virgin Bay, and took up his quarters.

"General Guadiola immediately came down from Rivas, and attacked him with four hundred men. The result was that the government party were defeated, with a loss of some fifty men, while Walker sustained only a loss of one white man and four natives. The government party is said to have been badly used up.

"A messenger, who left shortly after the battle at Virgin Bay, reports that Walker had returned to San Juan, and would probably attack Rivas in a few days."

Latest and Authentic from Norfolk and Poitsmouth.

The boat arrived this morning from Norfolk, bringing Drs. Briggs and Rizer, of Philadelphia; also, Messrs. Reside and Butler, apothecaries, of this city, and seven nurses—among them we have the names of Floyd, Butrick, Wilson, Kelly, and John Mills, the latter having in charge the baggage of Dr. Cole, of Philadelphia, and Singleton Mercer, Esq., both of whom died in Portsmouth. Dr. Briggs has been in Portsmouth thirty-three days, and Dr. Rizer forty, and both have had the fever, the latter only just able to ride, and is in the care of Dr. Briggs. They left in the 9 o'clock train for Philadelphia. Dr. Cole, of Philadelphia, and Dr. Hunter, of New York, both volunteers, died on Sunday—the former was ill only 24 hours, and was attended by Dr. Briggs. This makes 9 volunteer physicians who have died in Portsmouth, all of whom were from the north of that place.—Only 4 resident physicians have died. Dr. Thomas, of Cincinnati, was taken suddenly ill on Friday, but was convalescing, and strong hopes were had of his recovery. He is the only one now left in Portsmouth of the volunteers. Dr. Webster is nearly well, and will return probably in the next boat.

Up to yesterday at noon there were five deaths in Portsmouth; on Sunday 7, and on Saturday 13—so that the disease is greatly abating, but this is owing to the want of material. There are now 125 down, and among them are many of the Irish who have recently returned from the precincts, and most of the recent deaths are of this class. In Norfolk there is much greater abatement than in Portsmouth, the deaths being some five or six a day. A very few have resumed business; and all the volunteer physicians and nurses are getting ready to leave.

It is ascertained that there have been 2,000 deaths in Norfolk—among them were 10 resident and eleven volunteer physycians. In Portsmouth the deaths have reached about 950, as near as can be estimated.

We learn from the report of the Norfolk Board of Health, that the following deaths occurred on Monday morning: Mrs. W. B. Ferguson, Miss Margaret Kennedy, and Miss Catharine Rodman, matron of orphan asylum. There were 4 deaths on Saturday, 7 on Sunday, and 3 new cases on Sunday. Forty-two nurses left for New Orleans on Sunday, and 7 doctors and 12 nurses left on Monday for Savannah and Charleston.

DEATH OF MRS. AND MISS TANEY.—We regret to learn the death and burial of the wife and youngest daughter of Chief Justice Taney. They died at Old Point Comfort, where they spent the summer. Mrs. Taney died of paralysis and the daughter of yellow fever. They were both buried in one grave, yesterday, at Old Point.

CAUGHT AND CAGED.—A colored fugitive from Louisville, Ky., who had there been arrested for negro stealing, or something of that kind, and who got off by a forfeiture of his bond, is now under arrest in this city, awaiting a demand on the part of the Executive of Kentucky, after which, by comity of States, he will be sent back from whence he came. *N. What a Pity!

THIS IS AN EXPRESSION OFTEN used in reference to persons becoming prematurely grey while yet in the bloom of youth. Grey hair or whiskers alter the appearance of the face materially, and are a source of regret to many. J. Ohio River Farm for Sale,

IN JEFFERSON COUNTY, ten miles south of Louisville, two miles below the River plank road, and one and a half miles from the Nashville turnpike road. This valuable tract contains 170 acres of land, 100 acres in cultivation, and 70 acres in valuable timber, sufficient, when rendered into cord wood, to pay for the entire tract. The improvements consist of a double-hewed log house, story and attic high, with four large rooms, hall, kitchen, entry, smoke house, stable, sheds, cribs, an excellent well of water, &c.
This land is unsurpassed in the State for fertility, lies well for cultivation, having a beautiful front on the Ohio river, above all overfloods, and one of the most healthy locations in the county, there not having been a case of fever upon it in eight years.
The owner wishes to sell for no other reason than that he wishes to invest in other business than farming. He will sell a bargain to any person who wishes to engage in farming, and make the payments reasonable. Call on S. A. ATCHISON,

Why Females Suffer in Health.

THE MARRIED WOMAN'S
Private Medical Companion,

BY DR. A. M. MAURICEAU,
PROFESSOR OF DISEASES OF WOMEN.
One Hundredth Edition (500,000) 18mo., pp. 250.

A standard work of established reputation, found classed in the catalogues of the great Trade Sales of New York, Philadelphia, and other cities, and sold by the principal booksellers in the United States.

Every woman can here discover, by comparing her own symptoms with those described the nature, character, and cause of her complaint, and be spared much anxiety and suffering, as well as the unpleasantness of making known to, or making inquiry of, a physician in respect to the numberless ailments to which she is subject. The wife about becoming a mother has often need of instruction and advice in respect to her situation, which she will here find. This book tells her what is the matter, and tells her what to do for it, in simple but chaste words, and such as she can understand.

Those suffering from obstructions or irregularities peculiar to the female system, or from *prolapsus uteri* (falling of the womb,) or from *fluor albus*, will each find in its pages the means of prevention, amelioration, and relief.

Much distress of mind, as well as thousands pecuniarily, might be saved to every husband, if the simplest laws appertaining to the marriage state were better understood. That they are better understood is traceable to that natural and almost commendable sensitiveness that will rather suffer than consult or converse with even a medical man in respect to complaints peculiar to the female only.

In a copy of "*The Married Woman's Private Medical Companion*," every female has a physician that knows and describes her every symptom, feeling, and ailment and which she can consult at all times without violence to her sensitiveness.

[Extract of a letter from a gentleman in Dayton, Ohio.]

DAYTON, May 1, 1847.

DR. A. M. MAURICEAU—*My Dear Sir:* My wife has been perceptibly sinking for some three years or more, in consequence of great anguish and suffering some months before and during confinement; every successive one more and more debilitated and prostrated her, putting her life in imminent danger, and which was on the last occasion despaired of. I supposed that this state of things was inevitable, and resigned myself to meet the worst. I heard your book highly spoken of, as containing some matters reaching my case. On its receipt and perusal I cannot express to you the relief it afforded my distressed mind, and the joy its pages imparted to my wife, on learning that the great discovery of M. M. Desomeaux provided a remedy. It opened a prospect to me which I little conceived was possible. But for this, ere another year would have passed over my head, in all human probability my wife would have been in her grave and my children left motherless.

☞ UPON RECEIPT OF ONE DOLLAR, "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" IS SENT (*mailed free*) TO ANY PART OF THE UNITED STATES, THE CANADAS, AND BRITISH PROVINCES. ALL LETTERS MUST BE POST-PAID, AND ADDRESSED TO DR. A. M. MAURICEAU, BOX 1224, NEW YORK CITY, PUBLISHING OFFICE, NO. 129 LIBERTY STREET, NEW YORK.

To the Public.

LOUISVILLE, KY., Feb. 8th, 1855.

MR. SOLOMONS—Dear Sir: I called upon you at your ...hoe, on Fourth street, in December last, and told you that I had purchased several pair of Spectacles at different stores, but had never obtained any that did not cause great pain and fatigue to the eyes, but am happy to state that the pair I purchased of you suit beyond my expectations, by day and candle light. I have found my sight improve so much since I have used them, that I cannot sit down and read small print without them. Wishing you every success your great enterprise deserves, I remain, yours truly, S. HILLMAN.

LOUISVILLE, KY., Feb. 24, 1855.

MR. G. SOLOMONS—Dear Sir: Having satisfactorily tried a pair of Spectacles purchased of you, and finding them far superior to any I have ever used, in that they rest and strengthen the eye, whilst all others have pained, wearied, and weakened my sight, I cordially recommend them to the use of all who stand in need of them.
Respectfully yours, S. J. EVANS,
On Broadway.

JEFFERSON CO., Dec. 2, 1854.

I have used Mr. SOLOMONS' Eye Glass for a very brief period, with decided advantage, and have no hesitation in stating that a defective vision of long standing has been relieved, and the organs seem to be acquiring vigor and tone. I therefore cheerfully bear testimony to their excellency and accuracy, as also to Mr. Solomons' skill as a practical Optician, and the wonderful facility with which he adapts his Glasses to the various peculiarities of vision. Yours truly, SAM'L B. SMITH.

More Light on the Subject.

A BLUE AND WHITE Double Quick Work Sky Light, just introduced by ROESBERG, enables him to take Daguerreotypes in a few seconds and for the greatly reduced price of 50 cents and upwards. It is also one of the best lights ever known to produce correct likenesses, either of children or adults. The red hair and blue eyes have heretofore been difficult to take; but it is no longer any trouble to give them the real artistic disposition of light and shade. The new Sky Light operates as well in cloudy as in clear weather, and gives the likeness the true tone of life. The public will therefore look to their own interest by calling on Roesberg before going to any other gallery, as there you can buy cheaper, receive a better case, and a much truer likeness than at any other place in the city.

Just received, a splendid lot of handsome cases, such as Velvet, Papier Mache, Pearl, and other kinds too numerous to mention.

Persons having Daguerreotypes badly taken by other artists can have them retaken for 50 cents, and if not bettered no charge will be made, at the Mammoth Daguerrean Gallery, No. 531 Main street, between Second and Third. [je4] GEORGE F. ROESBERG.

☞ JUST think of it, at BROWN'S GALLERY you may obtain a fine Daguerreotype of yourself for the trifling sum of One Dollar, inclosed in a neat case. Now, don't delay any longer, but take your families down and have their pictures taken, and you will not regret it. Sam is hard to beat. 1y17

MEDICAL.

NEW PRINCIPLE! NEW REMEDY! NO POISON!

RHODES'
Fever and Ague Cure,
Or Antidote to Malaria,

FOR THE PREVENTION AND CURE OF
Fever and Ague, or Chill Fever; Dumb Ague, and other Intermittent and Remittent Fevers; also, of Bilious Fevers, accompanied by Typhoid Symptoms; Typhoid Fever, Yellow Fever, Ship and Jail Fever, General Debility, Night Sweats, and all other forms of disease,

WHICH HAVE A COMMON ORIGIN IN
MALARIA OR MIASMA.

THESE DISEASES ARE COMMON to many localities of the United States; but wherever they prevail, North, South, East, or West, they all equally spring from the same miasmal cause. The great variety of symptoms and forms of disease, is owing principally to difference in age, sex, constitution, and habits of the sufferer; but as the cause is the same, they will all equally yield to a remedy that is competent to overcome or remove that cause.

By the laws of nature, every principle has its opposite, and for every disease, or cause of disease, there is a re-agent, or, in other words, a specific remedy. All Malaria, whether arising from Marshes, Stagnant Water, decomposition of animal and vegetable matter, or even newly cleared lands, is the same in character and effect; is a poison floating in the atmosphere, causing disease to all who breathe it. In accordance with those unalterable laws governing the unerring affinity subsisting between opposites, there is in the preparation before us, offered to the public,

THE NATURAL ANTIDOTE TO MALARIA,

Which neutralizes the poison whenever it comes in contact with it, even in the open air, and when taken internally completely purifies the system affected by it of its baneful influence, and thus restores and preserves health.

The remedy is believed to be entirely new, and unknown to any but the proprietor, who distinctly claims the following extraordinary results from its use:

It will instantly check the ague in persons who have suffered for any length of time, from ONE DAY TO TWENTY YEARS, and by continuing its use, according to the directions, a radical cure will be effected; the patient continuing free from the complaint for ever; unless subsequent exposure to malaria should make its use again necessary.

In its operation upon the poison in the system, it will immediately relieve all the distressing symptoms of bilious or ague diseases, and when the disease is cured, it will entirely prevent the accession of

GENERAL DEBILITY AND NIGHT SWEATS,

Which so often follow the administration of other medicines. The patient at once begins to recover appetite and strength, and continues to improve until restored to perfect health.

By its use, Fever and Ague may be banished from every family and class in the community; farmers, mechanics, and all laboring people may be using this article as a

PREVENTIVE,

And pursue their respective avocations in perfect safety from ague and bilious attacks during the sickly season, which is often to them the most valuable part of the year.

Since the introduction of the CURE in every part of the United States, its success has been so complete and unvarying as to have fully proved these assertions in favor of its extraordinary merit.

When these declarations were made, at the date of its introduction, they seemed incredible to many, even of the most candid minds, because all the resources of science had been taxed in vain to subdue ague or bilious diseases; and what was still worse for ague sufferers, all their remedies or treatment, whether scientific or empirical, have been limited to the use of poisonous or destructive drugs, such as Arsenic, Quinine, Mercury, Salicine, &c. The effects of these are sometimes worse than the disease they subdue; and when such remedies fail, or give only temporary relief, their poisonous effects are superadded to the poor sufferer's first complaint.

On this account ague sufferers should be particularly careful about using any secret Fever and Ague remedies, notwithstanding the makers of them uniformly assert they may be taken with perfect safety, even when it is notoriously well known that their potency depends sorely upon destructive poison.

Now as a proof that the remedy is not only valuable on account of its power to cure diseases, but that it is also

WORTHY OF PUBLIC CONFIDENCE,
BECAUSE OF ITS
SINGULAR AND ENTIRE HARMLESSNESS,

The following certificate, from one of the most celebrated chemists in the United States, has been obtained, and a copy of it is attached to every bottle:

NEW YORK, June 11, 1855.

"I have made a chemical examination of Rhodes' Fever and Ague Cure, or Antidote to Malaria, and have tested it for Arsenic, Mercury, Quinine, and Strychnine, but have not found a particle of either in it, nor have I found any substance in its composition that would prove injurious to the constitution.

"JAMES R. CHILTON, M. D., Chemist."

It is a stubborn fact, therefore, that this Remedy is destined not only to relieve the human family from malarious diseases, but to do an equally good work by preventing the taking of other medicines which do harm.

The entire absence of any baneful ingredient makes this Remedy, not more valuable as a Cure, than it is as a preventive.

No class of disease is so easily managed as the one under consideration, if the medicine be taken in advance. This is owing to the diseases being produced by one and the same cause, and therefore all, both residents and travelers, should protect themselves by the timely use of this preventive, and not wait for the poison already lurking in their veins to develope itself in a violent attack. Take the Cure as a preventive, and so destroy the poison before it does harm.

Full directions and advice as to Diet and Habits of life prepared by a distinguished Physician long resident in a Bilious climate now accompany each bottle.

It will often be found necessary to precede this medicine by a mild cathartic or antibilious purgative. The very best thing for general use is a moderate dose of Castor Oil, the object of which is to cleanse the stomach and free the biliary passages. Remember that where this is necessary, or there is costiveness, it MUST BE TAKEN, or the operation of the antidote will be seriously obstructed.

ONLY CAUTION.

In certain specified cases, pour the contents of one or more bottles of the Cure into shallow vessels (dining plates), and place them in sleeping rooms; for the vapor rising from the medicine, and also the air wafted across, or circulated over the dregs of it, alter the liquid is evaporated, will counteract and destroy, to a degree commensurate with its exposure, the miasmata of poison contained in the apartment. This mode of exhibiting the Cure should likewise be resorted to when very young infants are exposed to malarious situations.

The bottles in which this medicine is put up have the words "RHODES' FEVER AND AGUE CURE" blown in the glass, and on the outside wrapper is the name of the medicine (the copyright of which is secured), and the signature of the proprietor. These precautions are adopted to prevent counterfeits and imitations.

THE RELIANCE FOR ITS SUCCESS IS ENTIRELY UPON ITS ACTUAL MERITS wherever introduced and used. These will be considered sufficient.

Prepared and sold by the proprietor,
JAMES A. RHODES, Providence, R. I.

Extract of a Letter from Professor Fletcher, who was cured while engaged at Brown University, Prov., R. I.

INDIANAPOLIS, IND., March 1, 1855.

JAMES A. RHODES, Esq.—Dear Sir:—Yours of 15th ult. has been received, and I am glad to hear that a medicine so efficacious is to be introduced into this AGUISH country. I have the greatest confidence in its success, and can reassure you of its happy effect upon me in entirely breaking up the chills and leaving me strong and healthy.

I like the statement on your wrappers that you will let the medicine stand on its own merits, and standing thus, I am most sanguine of its success.

I expect to travel over a large portion of our State this spring, and I shall have abundant opportunity to recommend it verbally. Wherever I go I shall take great pleasure in thus testifying to its merits, and if you will instruct your agent to let me have a few bottles, I will carry them with me to distribute for your benefit.

In haste, I remain, truly yours,
MILES J. FLETCHER.

HAD THE AGUE FOR TWELVE YEARS!!!

PROVIDENCE, June 29, 1855.

Having been Informed of the illness of a poor, but worthy woman, who has not been free from Fever and Ague a month at a time for the last twelve years, I supplied her gratuitously with Rhodes' Fever and Ague Cure. She took in all four bottles, which completely restored her to health and strength, and as four months has now elapsed, there is no reason to doubt the permanency of the cure.

I am also aware of many other cases in which it has been used, and have never known it to fail.

C. A. P. MASON, Apothecary.

WAVELAND, IND., Sept. 2, 1855.

MR. J. A. RHODES:—Please express me four dozen of your Fever and Ague Cure—send it immediately, as I am nearly out. It has given satisfaction.
Yours truly, R. W. GAMBLE.

PINE RUN, MICH., July 21, 1855.

DR. J. A. RHODES.—Dear Sir:—Your Cure for the Fever and Ague has thus far performed wonders. It has not failed in one instance to perform a quick and permanent cure. Some who have been troubled with the distressing disease have been ENTIRELY CURED by using only ONE bottle of the CURE. Please send us immediately four dozen, as we have but three bottles remaining. Truly yours, LATHROP & McLEAN.

The following letter shows the great effect of "RHODES FEVER AND AGUE CURE," and the bad effects of poisonous medicines taken previously, which the lady will probably never get rid of:

SOUTH DEDHAM, MASS., August 25, 1855.

DEAR SIR:—You wished me to write as to the health of my patient, after taking the Fever and Ague medicine you sent, which I now take pleasure in doing.

The patient was my mother. She has lived in Allegheny county, N. Y., for five years, and last fall, for the first time, had the Fever and Ague, which she cured in a short time by the use of * * * * * * Fever and Ague Pills; but last March she came here to live with me, and in May was taken again with it. She has taken the medicine which you sent—she took the last some four weeks ago—and she seems to be cured of the disease, and her health is quite good now, but her joints and bones seem to be sore, and pain her some.

The medicine I think is very good, and I could recommend it to Ague sufferers, and I would procure it before any other within my knowledge for that disease.
Yours truly, CHARLES B. KNOWLTON.

PROVIDENCE, Ill., Aug. 9, 1855.

DEAR SIR: * * * * I might as well mention here that every bottle that I have heard of being sold has given good satisfaction. The agents that I have left medicine with say that it ranks among the best of patent medicines, and that after its good qualities once become known there will be more of it sold than of any other article of medicine in the State.
Respectfully yours, JOSEPH SMITH.

PANTEGO, N. C., Aug. 27, 1855.

Dr. JAMES A. RHODES—Dear Sir: I take pleasure in assuring you of the complete recovery of my daughter from Fever and Ague, of which she has suffered almost without intermission for over five years past, although I had tried various kinds of medicine and treatment.

At my request Mr. Reddick ordered from you two dozen, and I can say that it has not only cured my daughter, who took two bottles, but every one who has used it. This part of the country is very swampy and sickly.

With this Mr. Reddick sends you the money for three dozen more. Respectfully yours,
JAMES GAYLORD.

LETTER FROM A POSTMASTER.

MAXWELL, Delaware co., O., Aug. 19, 1855.

Mr. J. A. RHODES—Dear Sir: Your medicine has met with the most favorable success in this neighborhood. I have about five bottles left. I gave it to them at first "if no cure no pay," although I was not authorized by you to do so; but I took the responsibility on myself. But not a bottle has come back, and as I am almost out of the article, I wish you would forward me one gross of bottles if you see proper to do so, and I will be punctual in payment. I inclose fifteen dollars on the medicine I have received, for which please send me a receipt. Ship the Cure to me as soon as you can; there never has been as much Chills and Fever since I lived in the State as at present. Yours, &c.,
RICHARD MARTIN, P. M.

FEVER AND AGUE MEDICINE.

In another column of to-day's paper will be found an advertisement for "Rhodes' Fever and Ague Cure." We are not in the habit of puffing medicines, but desire to say, for the benefit of the afflicted, that Wm. N. Rowe, merchant, Sharpsburg, who has it for sale, informs us that he has sold several dozen bottles, and in every case it has effected a cure. This proves the medicine to be good, and we take pleasure in bringing it before the notice of the public.—*Odd Fellow, Boonsboro', Md., Sept. 4.*

RIVER AND WEATHER.

RIVER.—The river was still about at a stand last evening, with six feet scant in the canal by the mark, and four feet one inch in the pass on the falls.

☞ Yesterday was another fine day.

PITTSBURG, October 4—P. M.

There are 5 feet 4 inches water in the channel and falling. Weather clear and pleasant.

NEW ORLEANS, Oct. 4—P. M.

Departed yesterday—S hotwell.

☞ The David White will most certainly leave for New Orleans on Saturday evening.

☞ The R. L. Cobb came up yesterday from Nashville with a lot of iron for this port, and some 5,000 bushels of wheat for Cincinnati. She run aground in going up the Cumberland, but the river rose to her great relief.

☞ Captain Barnard has christened his new Tennessee river packet, now finishing at the wharf, the "R. M. Patton No. 2." She is a fine boat, and provided with more conveniences than any other boat on the river.

☞ The great Jacob Strader is the Cincinnati packet to-day at noon. Captain Summons commands her, and our friend Dunning is in the office.

☞ The Southerner, fleet as an arrow, and as comfortable as one's own house, is the packet at noon today for St. Louis. If you wish to travel on a fine boat, take the Southerner.

☞ The Rainbow, complete in all departments, well manned and officered, and as swift a boat as can be found, leaves this afternoon at 3 o'clock, for Evansville and Henderson.

☞ The Mississippi was at a stand at St. Louis on Tuesday, and that was the dullest day of the season, there being but four arrivals at that port. Nothing new from the upper rivers.

☞ Passengers leaving to-day on the Southerner will overtake the S. F. J. Trabue at Cairo.

[*From the Evening Edition.*]

PITTSBURG, October 4—M.

There are 5 feet 6 inches water in the channel and at a stand. The weather is clear and pleasant.

CINCINNATI, Oct. 4—M.

There are 8 feet water in the channel and rising slowly. The weather is pleasant.

☞ Thanks to Mr. S. B. Moody, of the Southerner, for full river favors. The Southerner is the regular Friday packet for St. Louis.

MEMORANDA.

The steamer Southerner left St. Louis Monday, October 1st at 5 o'clock, P. M. Met St. Clair at Devil's Island, Bay City at Grand Chain, North Star at Cairo, Charleston at Cash Island, Granite State and Highflyer at Stewart's Island, Antelope below Shawneetown, Rainbow at French Island, Argonaut below Grand View.

Coffee Circular.

BALTIMORE, Sept. 29, 1855.

The activity noticed in our review of the coffee market, at the date of our last monthly circular, was soon after followed by an unusual degree of languor, which has continued to prevail uninterruptedly throughout the month, to an extent almost without precedent at this season of active jobbing business.

This apathy has been mainly produced by the expectation generally entertained by the trade, that on the receipt of the heavy supplies known to be on the way to this port, holders would have to make considerable concessions in order to effect sales—and it would appear from the absence of all demand from the interior, that the same feeling also prevails there.

The sales of the month show an amount of business much below our monthly average—the only prominent transactions being the purchase of some 4,000 bags to go to a Southern market. It is worthy of remark that an unusual proportion of the cargoes coming here in transient vessels turns out to be damaged by sea water or by mould:

The free supplies expected here are now just coming to hand, there being three cargoes, comprising 13,000 bags, now afloat with unbroken bulk, and others reported below. These arrivals however do not seem so far likely to produce the effect anticipated by buyers, as the advices both from Europe and from Brazil are considered by holders so encourrging to their interest, that they express the determination to store their cargoes rather than submit to any further decline than has already taken place, which is about ¼ to ⅜ cts ⅌ lb. The quality of the new crop so far received is much better than the first receipts usually are, giving promise that the quality of the average crop will be better than that of last year.

The market closes without animation. We quote prime 11¾c, fair to good 11¼ to 11½c, common to medium 10½ to 11c. No Laguyra or Java in market.

At Portsmouth on Monday no deaths occurred, on Tuesday there were three, and Wednesday none reported. Most of the deaths were among the inmates of the Almshouse and colored people. A few absentees have returned, and are down with the fever. Dr. Henry Selden and R. Dalrympel are dead.

TELEGRAPH MARKETS.

NEW YORK, Oct. 4—P. M.

The Flour Market—For common and medium grades of flour the market has improved fully 1s, with a brisk export demand for England and France; home trade is buying with more freedom, and we also notice a good demand for forward delivery; at the close of the change it was difficult to pick up lots in order at inside rates; the receipts from the West are increasing, but this apparently has no effect except perhaps to stimulate the demand; the total sales of to-day is 31,000 bbls at $7 81@8 12 for common to straight extra State, $7 75@8 25 for mixed to fancy and low grades extra Western, and $9@10 54 for extra Genessee; the market is closing buoyant with more buyers than sellers; included in sales are 14,000 bbls for forward delivery, bought by shippers at $7 37@7 50 for State for Nov, $7 75 for Ohio, and $8 for extra Indiana for Nov. and Dec; the market is firmer for Canadian flour, with a better demand; sales of 800 bbls at $8@9 for superfine to best extra; it is rather difficult to buy parcels at inside figures; Southern better, with more inquiry; sales of 1,600 bbls at $8 25@8 75 for mixed to choice, and $8 81@10 for fancy and extra. Cornmeal quiet; 100 bbls Jersey sold at $4 62. Rye flour lower; sales of 200 bbls at $5 50@6 75 for fine and superfine.—There is much better export demand for wheat; prices have advanced from 2@3c, and nearly all parcels offered in shipping condition were taken for the export business, for export is only restricted by the supply; at the close of change there was scarcely a sound parcel in the market unsold; over 130,000 bushels changed hands, including 12,300 red Southern. Rye has advanced 2 cents with large demand; sales of 63,000 bushels at $1 16@1 20, including 25,000 to arrive all this month. Barley scarce and much wanted. For corn there is a fair demand for home consumption; market firm without important change; sales of 50,000 bu Western mixed at 86@87, and 87½@88c for handsome Western yellow. Oats scarcely so firm; sales at 41@46c for State and Western, the latter rather scarce. Pork without important change and demand fair in part for forward delivery; sales of 1,000 bbls at $22 37@22 50 for new mess, and $21@21 25 for prime. Beef—Rather more doing, but market is without important change; sales of 400 bbls. Lard—Less active in demand, but prices are without important change; sales of 330 bbls at 11¾@12c. Butter in good request at 15@18c for Ohio, and 20@22c for State.—Cheese—Selling slowly at 9@10c. Whisky in better demand at improved prices; sales of 600 bbls Ohio and prison at 41@41½c.

Stock market quiet. Illinois Central Railroad 93. Sterling unchanged. Cotton market unsettled; sales of 1,000 bales.

NEW ORLEANS, Oct. 4—P. M.

Flour heavy at $7 30. Whisky—Sales at 31½c. Sides at 12¾c.

NEW ORLEANS, Oct. 3—P. M.

Cotton declined ⅛c to-day; sales for the last 3 days have been 8,000 bales; middlings are now quoted at 9@9½c.

PHILADELPHIA, Oct. 3—P. M.

Cotton continues in limited request. Flour market quiet, but prices are firmer; private accounts by the Pacific being more favorable than the advices received by telegraph; export demand is limited, and only a few hundred bbls standard brands have been disposed of at $8, which is the uniform asking rate. Wheat—There is more inquiry, and receipts being light, the decline has been recovered; sales of 2,000 bush ordinary and prime Southern and Pennsylvania red at $1 70@1 85, white at $1 90@1 97, afloat and in store. Corn is in good demand; 5,000 bushels sold at 92c. Whisky held firmly in bbls at 41c, and in hhds 40@41c.

NEW YORK, Oct. 4—M.

Stocks higher. Erie 55½; Cleveland and Toledo 81½; Reading 93¾; Canton 24¾; Cumberland 26⅝; Pennsylvania Coal Co. 99¾; Michigan Central 98; Michigan Southern 97¼; Galena and Chicago 117. Flour advanced 12½c; sales of 2,000 bbls at $7 87@7 91 for straight State, and $8 74 for Southern. Wheat is a trifle higher; sales of 75,000 bushels at $2 05 for Southern white, and $1 93 for Southern red. Corn is a trifle higher; sales of 35,000 bushels at 87½c. Pork firm; sales of 500 bbls.—Lard firm; 200 bbls sold at 11¾@12c. Whisky unchanged; 600 bbls at 40½@41c for Ohio prison.

BALTIMORE, Oct. 4—M.

Sales of 1,000 bbls Howard street and Ohio flour at $7 75; choice brands at $7 87. Wheat 5c better. Corn—White and yellow is held at 86@88c. Provisions dull; sales of mess pork at $21. Lard 11½c. Bulk meats unchanged.

NEW CERTIFICATES.

MR. SOLOMONS; SIR: THE benefit I have derived from the Spectacles obtained from you, induces me to express the pleasure I have received from them. They suit my sight to admiration, by candlelight as well as day; I read with the same ease as when a boy, which I could not do with any other glasses I have used. Yours, truly,
CAPT. JOHN SHALLCROSS.
LOUISVILLE, Dec. 23, 1854.

LOUISVILLE, Jan. 15, 1855.

MR. SOLOMONS: Being compelled to wear Spectacles, I have never been able to get a pair but what made my eyes ache—I have tried a great many glasses, but always failed, until I obtained a pair from you. I can see by day or candlelight for any length of time, with the greatest ease and comfort. Mrs. Wells is very much pleased with her glasses.
I remain yours, truly, C. WELLS,
No. 664 Jefferson street, next door to Preston.

LOUISVILLE, Jan. 19, 1855.

MR. SOLOMONS: Sir—When you first arrived in this city, I called with Mrs. Beattie at your office, and purchased four pairs of your Patent Spectacles. We found them superior to any we had ever used before. They realized more than we could have expected. We can now see as comfortably as when a girl and boy.
I remain yours, respectfully,
J. A. BEATTIE,
MRS. J. A. BEATTIE, Fourth street.

Mr. Solomons can be seen at his office, on Fourth st., between Main and Market, over Raymond & Patton's Drug Store. ja25 d1m*

To all who Value their Sight

MR. SOLOMONS: ABOUT FOUR months since I purchased a pair your spectacles, and at that time could not read without them. I now find my sight so much improved by their use, that I can read ordinary newspaper print without them as well as I could before I used spectacles.
JNO. P. SMITH,
Corner First and Walnut streets.
LOUISVILLE, June 16, 1855.

MR. SOLOMONS: *Dear Sir:* Having been deprived of the pleasure of reading or writing for the last two years, and not having been enabled to procure any spectacles with which I could see any better than without, and which also immediately produced pain and uneasiness, I was induced, by your advertisement, to call at your office and purchased a pair of your improved spectacles, with which I can see to read the finest print with perfect ease and comfort; I can also see with the same ease to go about my regular business. JESSE HOLLIDAY.
BRANDENBURG, KY.

MR. SOLOMONS: Having noticed your advertisement in the Louisville and Lexington papers, I called at your office with my wife to purchase for her a pair of your improved spectacles, with which, I am happy to say, she can see to thread the finest needle, (which she has not done before in five years,) or sew and read for any length of time by day or candle-light, as well as she ever could. She has purchased several pairs of spectacles in the last five years, but they invariably caused the eyes to become weak and tired after using for a short time.—No amount would induce her to part with those she purchased from you. Yours, respectfully,
ISAAC McISAACS.
LEXINGTON KY, March 26, 1855.
P. S.—With the pair I bought of you for my own use, I can see as well as when a boy. 1e27

DAILY DEMOCRAT.

[From the Evening Edition.]

☞ Hon. Stephen A. Douglas reached this city last evening, *en route* for the great mass meeting of the Democracy at Lexington.

The Mechanics' Fair.

On Tuesday evening, in the music room, we had an opportunity we did not previously enjoy—that of hearing a full trial of the two grand pianos on exhibition—the concert-grand of Nunns & Clark's and the parlor-grand of Chickering. Perhaps there did exist a necessity for a size between the square and the concert-grand, although we are not certain that the square is not sufficiently powerful for parlor use. It is not to be expected that an instrument with double strings should give as full and powerful tones as one with triple strings. The concert-grand, it is expected, should be from one-third to one-half more powerful; but the difference in these two pianos in *quantity* of tone, is much less than one would naturally look for. The difference in *quality* of tone is not so easy to note. The Chickering has not been tuned since it left the factory in Boston. Taking this fact into consideration, one which we did not know previous to Tuesday, and all must acknowledge that along with a great degree of power, the tones are admirably rich and full, and very distinctly uttered. Both are excellent instruments, and well worthy the reputation their makers have established for themselves.

There is one case which none can pass without stopping to admire. It is that of J. M. Armstrong, clothier. There is n't a parent can pass it without being delighted with the child's clothing, of the newest patterns and richest materials, and made in the very best style. Then there is gentlemen's wear made in the latest style, and such as should suit the most exacting devotee of fashion. Stop and look if you have not already stopped.

The fountain by C. S. Snead, standing in the middle of the hall, is a fine specimen of Louisville manufacture. The water is thrown to a modest height, and then falls into a wire basket and through it upon a couple of rows of tiny bells, keeping up a tinkling melody quite pleasant to the ear; there are also in the basin four or five living turtles; all seem at home but one, and it constantly endeavors to get out. Mr. Snead also has on exhibition various specimens of window-caps, sills, &c., Corinthian columns and capitals, bases, &c., &c., giving proof that Louisville is abundantly able to produce all the iron work necessary in this age, for the erection of the best business or dwelling-houses.

A. C. Harig has two specimens of his fire-proof safes in the hall; any mechanic who will examine them will feel compelled to accord to him the merit of being one of our best mechanics. Every merchant will feel that his money and books are unsafe, unless he has one of Harig's safes or as good a one; to find so good an article will be a difficult undertaking.

In the west gallery are some oil paintings, by some of the pupils of Mr. Pering. "The Sibyl," by Miss M. J. Merker, only fourteen years of age, is a fine production. It has one or two faults—the head is thrown a little too far back, and the shading a little deficient. The "Favorites," also by her, would appear well done if there were no better productions of her pencil. The "Little Navigator" is such a piece as would do credit to an old hand and experienced artist; it is not, however, without its faults, but only a close observer would note them; the little fellow's face is full of enjoyment—pleasure sparkles in his eye and smiles upon his lip, mixed with pride at his scientific discovery. The picture is only a copy, but such an admirable one as proves the possession of great talent in the young artiste. Miss P. Stewart has also a portrait on exhibition—but though the countenance is pleasing, the arrangement of the left arm and hand is bad. She has a winter scene that is well worthy examination, not only by the young who are ambitious, but by all who love to see that which is beautiful in itself, apart from all considerations as to the artiste. There are in the gallery other productions, but they were so labelled we could not see by whom done.

☞ The law-suit between Barnum, the king of humbugs, and Spaulding, the chief of showmen, has excited no little interest in the East, where the names of both are as common as household words. In relation to the matter, we copy the last bulletin from the Albany (N. Y.) Argus:

BARNUM AND THE GIRAFFE, OR THE TABLES TURNED.—One of our cotemporaries has fallen into an error in supposing that the interesting suit commenced by the "proprietor of the baby-show" against Dr. Spaulding, of this city, would be tried at the present Circuit Court. The facts are these: Mr. Barnum, some time since, commenced a suit against the Doctor, seeking to recover the modest little sum of $20,000, or, as alleged to be, the value of a Giraffe lost overboard from the Floating Palace, in the Mississippi River, opposite New Orleans. Disputing the justice of this claim, the Doctor declined giving his check for the amount, and gentlemen "learned in the law" were forthwith employed pro and con, and at it they went tooth and nail, with that zeal which plenty of ready cash and wealthy clients can always command. The fight waxed warm; the evidence in the case was taken by commission in the city of Cincinnati, and the result of the examination of witnesses was that the great Barnum discovered that, for once in his life, he had found his match, and was compelled to beat a retreat, and with his characteristic modesty and prudence has asked leave of the court to discontinue the suit, which was kindly granted, with the further privilege of paying all the costs and law expenses, whereat there was much rejoicing among the lawyers especially interested.

But the Doctor was not satisfied with this victory. He claimed that, as the loss happened through the incompetence of Barnum's own servants, it was only right and fair that Barnum should pay him his damages, as well as the money which Barnum had pocketed for the animal, and the cost of shipping it to New Orleans, amounting to the snug sum of $23,000; and so, as Barnum backed out of court the Doctor stepped in and intentionated to the sheriff a narrow slip of paper, affectionately inviting "the Barnum" to retire for a while from the care of the baby exhibition, and to show cause "why he should not pay said Spaulding & Rogers the sum of $23,000." The lawyers were speedily re-engaged, and have again buckled on their armor, and, as both sides are blested with well-filled purses, a rich display of forensic eloquence and legal learning may be anticipated at the next November or January Circuit. Those who are best acquainted with the Doctor's character predict that there will be no backing out this time.

STABBING WITH INTENT TO KILL.—Yesterday morning, a couple of young men, named Charles Moore and George Shelton, underwent a preliminary examination on the charge of having committed a wanton assault upon and maiming a German named Andrew Neining. It seems, from the testimony elicited, that Neining, in company with another German, both in a state of intoxication, were proceeding along Sixth street, when they were followed and abused by Moore and Shelton, for no earthly reason whatever, unless, perhaps, that they were Germans. In self-defence, Neining struck one of them with his fist in the mouth, and immediately afterward was stabbed with a dirk knife in the back. Neining, who appeared a harmless, inoffensive man, gave his testimony through the aid of an interpreter. The case was continued until this morning, in order to give the defendants a chance to bring up witnesses in their behalf.—*Cin. Enq., 3d.*

Abolition Movements in Pennsylvania.

HARRISBURG, PA., Sept. 29, 1855.

The following address from the Central Committees of the Whig, Republican, and American parties, has been published to the people of this State:

TO THE PEOPLE OF PENNSYLVANIA.

The Whig party, the Republican party, and the American party, having each nominated a candidate for Canal Commissioner, it became apparent that such a division of the elements of opposition to the national administration, and its Nebraska fraud, would inevitably lead to the triumphant election of Arnold Plumer, the pro-Slavery Nebraska candidate. In view of these facts, a meeting of our respective central committees of said parties was held at Harrisburg on Thursday, the 27th of September, 1855, and their nominees having declined and been withdrawn, Thomas Nicholson, of Beaver county, was nominated as the candidate of the said parties, for the purpose of concentrating the votes of the anti-Nebraska party on one man; and he is hereby earnestly recommended to all the lovers of freedom in Pennsylvania, as a capable, honest, and true-hearted man, who is worthy of the support and confidence of the people.

By order of the committee.

JOHN A. FISHER,
Chairman Whig State Committee;
LEMUEL TODD,
Chairman of American State Committee;
DAVID WILMOT,
Chairman of Republican State Com'tee.

October.

Not the light of the long blue Summer,
Nor the flowery huntress, Spring,
Nor the chilly and moaning Winter,
Doth peace to my spirit bring
Like the hazy and red October,
When the woods stand bare and brown,
And into the lap of the Southland
The flowers are blowing down.

of Evil, and
great depression of
Spirits.

The proprietor, in calling the attention of the public to this preparation, does so with a feeling of the utmost confidence in its virtues and adaptation to the diseases for which it is recommended.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivaled by any similar preparation extant. The testimony in its favor, given by the most prominent and well known physicians and individuals in all parts of the country, is immense.

The following, from your own State, is respectfully submitted, referring any who may still doubt to my "Memorabilia," or Practical Receipt Book for Farmers and Families, as he had gratis of all the Agents for the German Bitters.

Principal Office and Manufactory, 120 Arch street, Philadelphia, Pa.

Kentucky Testimony.

GREAT SALE OF TOWN LOTS IN
Kentucky City.

ON MONDAY, OCTOBER 22, 1855, a sale of Lots in Kentucky city will commence, at public outcry, and continue from day to day until all are disposed of. The rapid growth and future permanent prosperity of this place offers a profitable object with the proprietors, all the lots will be sold without reserve, and on the most liberal terms, both as to time and manner of payment.

This town is located in the county of Hickman, State of Kentucky, upon the east bank of the Mississippi river, fifteen miles below the mouth of the Ohio, and just below and adjoining the present town of Columbus, and has within its corporate limits the depot and station grounds of the great Mobile and Ohio Railroad, at its northern terminus.

It would be out of place in this advertisement to dwell at length, and in detail, upon all the advantages of this location, and the brilliant prospects of a city so fortunately situated, and being a terminal point of such a road upon such a river; but let the inquirer look at the prominent facts and reason for himself. Kentucky city has a high and healthy locality—protected from all inundations by the nature of the grounds, the heights of the river bank, and the necessary embankment for the railroad track; it is surrounded by a fertile and healthy country, rapidly settling. Its front is washed by the mighty "Father of Waters," navigable from this point at all seasons of the year for the largest class steamers, with a permanent and enduring bank, and having confessedly one of the best and most secure harbors to be found from New Orleans to St. Louis. Kentucky city is in direct connection with the Mobile and Ohio Railroad, having its depot within her limits. By steamboat connection, which has been arranged, we will be in daily communication with the great Illinois Central Railroad at Cairo, and also by a like connection with the Ohio and Fulton or great California route, the road now fondly cherished by the three States of Missouri, Arkansas, and Texas, as also the St. Louis and Iron Mountain Railroad, a branch of which is expected to terminate on the west bank of the river opposite our town. The Mobile and Ohio Railroad comes up to us from Alabama, passing through Mississippi and Western Tennessee, its cars freighted with the sugar, rice, cotton, the rice, and tropical fruits of the South, to return laden with the provisions and breadstuffs and all the products and manufactures of the West and North, brought down to us by the Illinois Central Railroad and other railroads, and by the Mississippi and Ohio rivers, with their numerous and long tributaries. Kentucky city being thus brought within twenty-four hours' run of either is about equal distance and time to the southern Gulf entrance to the Atlantic and the cities of the northern Lakes. She is the interchange of commodities, the legitimate trade and barter in the products of different climes must take place here, here must they stop, here be stored, and here transhipped. It can require no gift of prophecy to foresee a brilliant future for a city thus fortunately located, and blest with a combination of so many natural and artificial outlets for travel and trade.

DANCING ACADEMY.

MONS. J. P. LASSERRE RESPECTfully informs his friends, and the public in general, that he will open his Dancing School at the above Hall on SATURDAY NEXT, Sept. 29th, for misses and masters, from 9 to 12 o'clock A. M., and 2 to 5 P. M. Class for gents every Monday and Wednesday evening, from 7 to 9 o'clock.

On account of objections from a great number of pupils heretofore, religious difficulties are removed by forming two classes.

J. P. L. thinks it unnecessary to mention all the Dances and Waltzes he will teach in his school. The great number of pupils he has taught in this city for the last ten years is the best recommendation he can offer. Notwithstanding all the Fancy Dances and Waltzes J. P. L. is acquainted with, he takes pleasure in stating that on his visit to the South he has met with his friend Pingally Drtisk, from the Opera of Paris, and when here the principal Dancer of Placide's Varieties. Through his kindness J. P. L. has come in possession of the most recent Dances, viz:

Gortilaa—Five-Step Waltz.
Varsovien—Hungarian Redowa.
New Polka Redowa.
New Schottische.

Ladies and gentlemen wishing to join the class are invited to apply at the commencement. se29 d3m

(OVER FRANKFORT).

THE WINTER SESSION OF THIS establishment will be commenced on the first Monday in October—its duration will be five months—but students will be admitted at any time before, and instructed and heard in recitations of regular lessons preparatory and in advance of their regular course.

THOS. B. MONROE, LL. D., Professor of Jurisprudence.

I. The Preparatory and Auxiliary Sciences and Literature of the Law—Rhetoric and Logic, including especially Terminology, Definition, Abstraction, Generalization, Division, and Argumentation, and the fallacies, which, having been the basis, supplies the deficiencies in the fullness and exactness of the positive provisions of every law—constituting together this separate department, discussed in the study, to a greater or less extent, of every branch of Jurisprudence.

II. History—studied briefly in its own department, but continually in connection with the Civil Law, the Common Law of England and America, the Organic and International Law, and with the arbitrary portions of every other head of jurisprudence in the diagram.

III. The Organic Law of Government. It is proper to mention that this high head of Law is not passed over here in the ordinary mode. It is discussed and studied, not only abstractedly, on the principles and axioms and the proposition of the arbitrary Law, but in the examples of the diversified forms of Government which have been and are now existent. Its course is, however, commenced and terminated in examples from our own Constitutions and Statutory Organic Law, and the history of the origin, formations, revolutions, mutations, and transmissions of our own Government. Everything obtained elsewhere is appropriated in this course to the illustration, analysis, and synthetic discussion of our own system.

IV. International Law. The course in this department must of course be commenced with the necessary or natural Law, and embrace the history of the Customary and other arbitrary Law down to the present day among civilized and commercial nations. But especial attention will be paid to the treaties, acts, treaties, and statutes of the United States, which recognize, assert, and prescribe the rights and duties of the Government and its citizens towards other nations, their citizens, and subjects.

V. The Civil or Roman Law and of the Common Law, in connection with the statutes in improvement thereof, found in the Acts of Congress, the latest Digests, Revisions and Codes of the several States, including Maritime and other Mercantile Law, and The Equity Jurisprudence administered in the Federal and State Courts.

VI. Law of Evidence, including not only the arbitrary and expressly recognized rules of the rational Law, which determine the several presumptions, what is required, what competent, and what may be inferred, but the residuary necessary laws of Argumentation which must be employed in obtaining the conclusion on every trial.

VII. The Practice of Law in the Courts of the United States, according to their several modes of procedure in suits at Common Law, in Equity, in causes of Exchequer, and civil cases of Admiralty Jurisdiction, and in the Courts of the States respectively in suits at Law, in Equity, and Succession Causes, according to their *sere codes* of practice in civil cases.

VIII. The Criminal Law of the United States and of the States, with its practice in the Federal and State Courts.

Every student will be taught the composition of the ordinary papers of business, the pleadings and other documents used in the practice of the several Courts, and with the forms of process and of entries of judicial proceedings; and

A Moot Court will be held twice a week for the exercise of all the students in the Practice of Law, and the argument of questions of fact and Law in a mode becoming the Counsellor.

It will be observed that *one* Professor only fills all the Professorships in this *College*, and treats all his time now required by his judicial duties is employed with his students, and each class will have the benefit of not less than three lessons every day, and the Institution is incorporated by a statute of Kentucky, with power to confer all the degrees known in either or all the law or common Law, or which can be conferred by any college or university in America or Europe, so that every student may and shall have whatever diploma he shall have earned.

The diploma of Bachelor of Law will be awarded on the ordinary terms of other schools in the Western States, and it will entitle the student to admission to the *Bar;* but the object of the Professor will be to give the graduates diplomas in their *heads* which will secure them success in their profession.

The terms are two hundred and twenty dollars per session, for instruction, board, lodging, stationery, the use of both text books and of a library for collateral reading, and all other necessary supplies, clothing only excepted. This sum may appear large, but the number of students will be limited to ten, all accommodated in the house of the Professor in the country, not in town, and it is guaranteed that every student will receive, in the improvement of himself, the full value of both his money and time. No student will be received who may not appear to have determined to make himself a lawyer, and none will be advised to remain who may be found unable or unwilling to do the work necessary to master the profession. se19 du&wl
